Simplicity and great attention to details. Designed by our team of artisans, to show affection towards material we are working with – Latvian red clay. On the outside it is left unglazed, just levelled and polished to disclose the smoothness of the clay.

TABLEWARE THAT LINKS TRADITIONS OF LATVIAN CERAMICS AND NORTHERNER`S MINIMALISTIC DESIGN.

All our tableware are glazed and tempered at 1000 C and are heat resistant to be used both in the oven, microwave oven and are dishwasher safe.

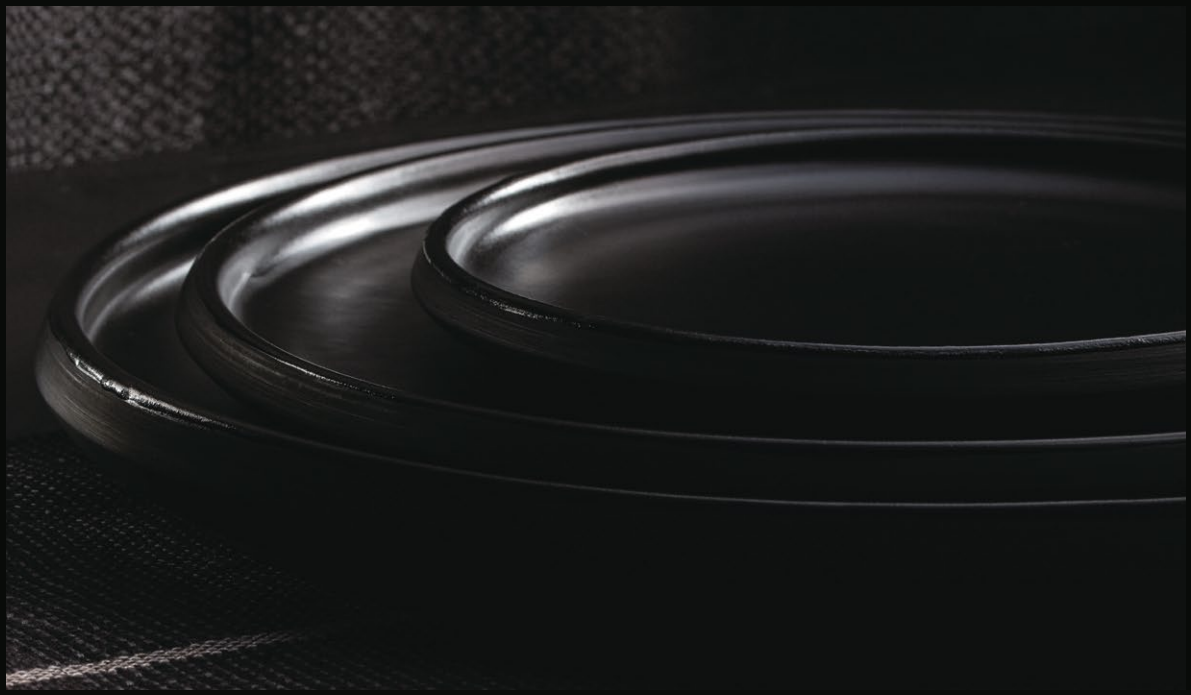
Designed by
Laima Grigone



Inspired by Nordic nature, where the rough and the gentle meet. Collection combines ancient technique of applying Terra Sigillata with minimalistic and balanced design lines. Made of pure Latvian clay, all items are handmade using traditional methods and materials.

Tableware is glazed and tempered at 1000 C and is heat resistant to be used both in the oven, microwave oven and is dishwasher safe.

Laima Grigone is a ceramic artist from Latvia. Notions of stewardship, sustainability, and social empowerment form the underlying ethos behind Laima's practice and she is a strong advocate for the power of the handmade. Concerned with 'pleasure in use' and the tactile qualities of ceramics she is looking for timeless beauty to enhance the everyday experience.
